

English Clubs Championship London & S. E. Division

PLAYER REGISTRATION 2015-2016

There have been several important changes to the regulations concerning player registration for this season.

Student Pass

Under this season long trial, students may be dual registered at a club near their home (known as the parent club) and one at or near their university, subject to certain conditions.

- 1) The player must provide his student ID number to the London & SE Registrar.
- 2) The player may only dual register for a club not more than two levels below their parent club – there is no limit on the dual registration level of above the parent club.
- 3) The parent club must always be the one nearest the player's home – he cannot register for a club at or near his university and then seek dual registration near his home.
- 4) These agreements must be processed via the London & SE Registrar; they cannot be done on line.
- 5) Having fulfilled these conditions, the player may play for either club throughout the season without needing to change his registration on a week by week basis.

24 hour registration

If a player is not currently registered **and** has not been registered with any other club this season he may be registered by a club and be eligible within 24 hours providing

- 1) He is not returning from abroad
- 2) His registration is lodged by 12 noon on Friday. Any forms processed after that time will result in the player not being available until the following week.

These are not expedited registrations, no fee is involved and these players may now be processed by clubs on line or by post to the London & SE Registrar.

De-registration

Clubs are reminded they are only permitted to have 100 registered players at any one time, however it is now possible for clubs to remove players from their lists within 24 hours. This can be done on line, or by a list of players for removal being submitted to the London & SE Registrar.
